Dear Sir:

Attached please find formal drawings to be substituted for the originally filed informal drawings in this application. These drawings are substantively identical to the informal drawings originally filed, as amended during prosecution, and no new matter is involved.

Please charge any fees required for submission of these formal drawings, and credit any overpayment, to Deposit Account No. 04-1133.

Respectfully submitted,

By:

Corporate Directory

Welcome to eGuide!

Novell's corporate address book. The data you see in eGuide comes from our workforce tree using LDAP. Our workforce tree is populated from our HR PeopleSoft system using DirXML to link the two. In order to change the information you see in eGuide, you must follow the directions at the bottom of the page. Both Novell and CTP employees are now included in eGuide. Currently CTP employees cannot change their info. If you see issues, please contact the Novell help desk.

Showing the power of the directory!

As you can see, this simple application shows the power of the directory. All of the data you see in eGuide is stored in NDS. Using LDAP we are able to extract the data and show it in a very usable form.
